Successful walling completion of 4-classrooms!

The ground-floor classroom walls construction at Hearts of Gold School has reached completion, prompting our team to transition and focus onto the initiation of the top floor slab casting phase.

Exciting Update from Hearts of Gold School

Ground Floor Walls Standing Tall

What once appeared to be an ambitious dream is now within reach as a tangible milestone.

With a bit more support, the Hearts of Gold School construction team can proceed to install the top floor concrete
